Introduction

Fingal County Council's Annual Service Delivery Plan 2018 is formulated and adopted by the Members of the County Council in the context of their overarching vision of making Fingal "the place of choice to live, work, visit and to do business in Ireland".

The Service Plan sets out the principal services the Local Authority intends to provide to the public in the period to the end of 2018. Alongside these principal services, the Plan sets out the Corporate Plan Supporting Strategies, the service funding, service objectives, performance standards and timelines for the delivery of these services. In doing so, the Plan is a reference point for the citizens of Fingal for information on the services and performance standards that they can expect from their Local Authority.

Organisational Priorities

The Corporate Plan sets out the Mission, Corporate Objectives and Supporting Strategies of Fingal County Council over the 5 year term of office of the Council. The Annual Service Delivery Plan guided by those supporting strategies, sets out the principal service objectives and priorities for each individual year. These service objectives then cascade into Operational Team Plans and the Objectives and Actions of individual staff members through the PMDS Process. The figure below sets out of the **Hierarchy of Plans and Objectives** in the business planning structure-

The Corporate Objectives of the Plan are listed below –
