

“Your Vote is your Voice”

You cannot vote unless your name is on the Register of Electors

Check www.checktheregister.ie to be sure you are on the Register of Electors.

If you are not on the Electoral Register and will be 18 years of age on or before polling day, you must complete a RFA 2 Supplement form to register on the Supplement to the Register of Electors which will be used for voting purposes in the forthcoming general election.

If you are currently on the register but have changed address, you must complete a RFA 3 Supplement form. If you have moved to another local authority area, this application should be sent to the local authority where you now reside.

The closing date for receipt of these forms is **Tuesday, 8th February 2011 @ 5pm**

Supplement forms are available to download directly from the following websites
