Community Policing Blanchardstown also linked in with FCC Operations / Housing Department identifying locations used for stock piling of bonfire materials within the area and removed same when possible.

On the 31<sup>st</sup> of October 2023 there was a high volume of Gardai assigned too High Visibility Policing in the D15 area. This was assisted by inclement weather. As a result of both there was no major issues on the date in question.

In addition there was a number of events organised by FCC which assisted greatly assisted in redirecting young people in the D15 area.

No major issues arose during Halloween 2023 in the Balbriggan district. No significant learning arose, and the inclement weather was of assistance. Thanks to the number

of events planned in the Coolock District for Halloween this year, the holiday went without any major incident.

AGS would like to thank all local authorities for their dedication, commitment and assistance this Halloween.

# 3. | Sen. Emer Currie (For DMRW)

**Question:** What measures are being put in place to tackle the ongoing anti-social use of scramblers and quad bikes in Sheephill Avenue and the surrounding areas both before and after regulations based on the Road Traffic and Roads Act 2023 signed into law on 23 June 2023 come into effect.

## Response:

This is an issue in a number of areas in Dublin 15 which is being tackled by Community Policing, Road Policing and Taskforce. FCC Housing Dept is also supporting AGS tackling this form of Anti-Social Behaviour. Gardai when reviewing complaints of this nature are attempting to identify the individuals involved through information provided by witnesses who observer the driving of these vehicles or CCTV Footage. This is still the most practical way of identifying the users of these vehicles. Any information identifying the Owner/Users of these vehicles should be passed onto Gardai.

Legislation amended by the Road Traffic and Roads Act 2023 (Road Traffic and Roads Act 2023 (irishstatutebook.ie)) was commenced by Eamon Ryan in SI 392/2023 (S.I. No. 392/2023 - Road Traffic and Roads Act 2023 (Commencement) (No. 2) Order 2023 (irishstatutebook.ie)) on the 31<sup>st</sup> of July 2023. AGS is currently devising a national strategy based on this legislation.

But Gardai will still require the assistance of the community or CCTV to identify the users of said vehicles before being able to enact legislation.
