Coding Ireland

CODING IRELAND — IRELAND LEARNS TO CODE

Coding encourages creativity and helps the learning process by allowing coders to learn through doing and experimentation

Learning is achieved through coding blocks – a visual programming language designed for children

Free online coding clubs with Coding Ireland provide easily accessible tools for both parents and children who are interested in learning to code

Register for clubs through Fingal website

TTRS (Touch-Type Read & Spell)

Touch-type Read & Spell

TTRS is a multisensory online course that teaches touch-typing to help children and adults improve their reading, spelling and typing skills.

Suitable for everyone but particularly home-schooling families and those with learning difficulties, dyslexia, dyspraxia, ASD, ADHD, working memory and processing weakness

Contact library.eservices@fingal.ie to register

Lexia

Core5 and PowerUp

LEXIA **CORE 5** READING
LEXIA **POWER UP** LITERACY

Web based program designed to help with reading comprehension, speech and literacy skills

Core5 is a more rounded approach geared towards primary level with activities and objectives

PowerUp geared towards secondary level and adults separated into core areas to help focus on specific learning outcomes in writing skills, grammar, and reading comprehension

Contact the Lexia team at lexia@fingal.ie to register
