Universal Class

Universal Class has over 600 free educational and leisure online courses to choose from. Learn with engaging video-based lessons and graded tests.

Courses list estimated time for completion, number of modules and number of assignments connected to help users find the best course to suit their time and needs.

Courses are broken down by category and sub-category, allowing users to find other courses of interest.

Get feedback and scores, track progress, and learn at your own pace to personalize individual learning.

Please note that certificates of achievement are not professional qualifications.

[Access via www.lgma.universalclass.com](http://www.lgma.universalclass.com)

ArtistWorks

Artist Works offers beginner to advanced music instruction for the most popular string and band instruments, as well as voice.

Rivalling a real-life learning experience, enjoy expert instruction through self-paced video lessons from professional musicians.

Features courses across a wide range of musical genres.

Watch lessons, practise and submit your work for feedback, and explore a range of downloadable written materials, tablature and sheet music.

[Access online or through the Libby app.](#)

Transparent Languages Online

Transparent Languages Online offers courses in over 110 languages, including English courses for speakers of over 30 other languages.

TLO offers a flexible approach to learning so that users can learn at their own pace.

From beginner to advanced level, users learn how to listen, read, write and speak a new language.

KidSpeak introduces children to English, Spanish, French, Italian, and Mandarin Chinese. With downloadable workbooks, KidSpeak can be used as a multimedia language learning tool for children.

[Download the app or access online.](#)

LOTE4Kids

LOTE4Kids is an online database with over 2,000 picture books available in over 70 different languages.

With stories and activities it helps children to learn English as a second language, as well as enable children to enjoy picture books in their own language.

Each book comes with English translations and narration with UK, US or Australian accents to help children learning English learn vocabulary and pronunciation.

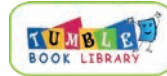

With picture cards and levels, LOTE4Kids is accessible to children at all reading levels.

TumbleBooks and TumbleMath

TumbleBooks and TumbleMath are digital resources aimed at building and improving reading and numerical literacy from a young age.

Titles can be accessed simultaneously by any number of readers, making them an ideal choice for school classes or book clubs.

With over 1,500 titles available, picture books, chapter books and visual aids (accompanied by lesson plans and quizzes) can be used to create a more engaging learning space for children.

TumbleBooks and TumbleMath also include many educational resources for teachers.

**Access TumbleBooks online or download the app.
TumbleMath can only be accessed online.**

Coding Ireland

Coding Ireland has developed courses in 4 distinct areas, designed to establish early learning in digital media and literacy.

With Coding, Robotics, Digital Art & Animation, and Cyber Security, these skills encourage creativity while helping to develop learning through doing and experimentation.

Free online clubs provide easily accessible tools for both parents and children who are interested in learning new digital skills.

Coding Clubs are designed to offer age-appropriate levels of learning to help students progress with their learning stage by stage.

Register for clubs through Fingal website.

TTRS (Touch-Type Read & Spell)

TTRS is a highly accessible multisensory online course that teaches touch-typing to help children and adults improve their reading, spelling and typing skills, while also helping to develop decoding skills.

TTRS provides step-by-step tuition with feedback and scores to help students learn at their own pace.

Suitable for everyone but particularly home-schooling families and those with learning issues such as dyslexia, dyspraxia, ASD, ADHD, working memory and processing weakness.

Contact library.eservices@fingal.ie to register.

Lexia Core5 and PowerUp

Lexia is a web-based program designed to help students with reading comprehension, speech and literacy skills.

The programs have been proven to accelerate learning and close the reading gap, while delivering a personalised learning approach.

Core5 is a more rounded approach geared towards primary level with activities and objectives included.

PowerUp is geared towards secondary level and adults. It is divided into core areas to help focus on specific learning outcomes in writing skills, grammar, and reading comprehension.

Track progress with scores and feedback to help students learn at their own pace.

Contact the Lexia team at lexia@fingal.ie to register.
