

Fingal International Women's Day 2025

About Fingal International Women's Day 2025

Fingal International Women's Day 2025 is a significant initiative led by Fingal County Council's Community Development Department, designed to celebrate and raise awareness of this important global occasion. This year, an extensive programme of over 62 events will take place across the county from March 3rd to March 10th, highlighting the achievements, contributions, and roles of women in our communities.

The events are organised by various local groups and community organisations, offering a diverse range of activities that cater to different interests and needs. These include engaging information sessions, inspirational leadership talks, and interactive workshops focused on self-care, well-being, and personal development. Participants can enjoy activities such as yoga, mindfulness sessions, fitness classes, and other wellness-focused events aimed at promoting both physical and mental health.

Most events are open to everyone, providing an excellent opportunity to meet new people, connect with the community, and be part of meaningful conversations that celebrate women's achievements and progress.

To get involved, we encourage you to explore the available events, which have been divided into the electoral areas for your convenience, choose the ones that interest you, and reach out to the event organisers to book your place.

NB: Some events are closed to the public.
