Distance between Advance Warning Signs	20m		
Taper			
Lane Taper Rate	N/A		
Hard Shoulder Taper Rate	N/A		
Safety Zones			
Longitudinal	5m		
Lateral	0.5m		
Lanes			
Lane Width	3.0m		

LEGEND

- Works Area
- Traffic sign
- Traffic cones
- Diversion Route A
- Diversion Route B
- Local Access

GENERAL NOTES

- All information contained in this drawing (including digital data) should be checked and verified prior to any stage of construction;
- All works are to be carried out in accordance with local authority requirements and are to be included in the site-specific safety & health plan;
- Site inspections and maintenance of the traffic management layout is to be agreed with local authority to ensure the safety and integrity of the design;
- Contractor to carry out a site risk assessment prior to the installation of any traffic management plan to ensure that conditions reflect those considered for design post submission;
- Contractor shall be responsible for the provision of ramp access at any change in road surface level where traffic runs on a temporary surface, and for pedestrian/cycle ramps where footpath/cycle-ways have a level discontinuity as per result of the works.
