

Fingal County Council Harbourmaster

11<sup>th</sup> December 2025.

Notice to Mariners 04/2025 – Damage to the Pier Head at Loughshinny Harbour.

On Loughshinny pier a damage to the capping beam at the pier head has occurred. The damaged section of the pier is closed for repairs. A temporary fence closes off three metres at the end section of the pier head. This prevents access to the damaged section and vessels from tying up to the ladder and causing further damage to the structure. Only one ladder and one mooring bollard are compromised with this closure.

Skippers, owners, and recreational boaters should ensure that the contents of this notice are made known to the persons in charge of their vessels or craft. All notices to mariners can be found on the website <https://www.fingal.ie/council/service/harbours>.
