

As Halloween approaches, Fingal County Council is encouraging residents and visitors to stay safe, be aware, and enjoy the season responsibly, with a wide range of initiatives and activities taking place across the county this October.

With almost 50 events planned throughout Fingal, this year's programme offers fun, inclusive and family-friendly opportunities for people of all ages to celebrate Halloween. From magical shows and fancy-dress discos to pumpkin carving and creative workshops, there is something for everyone to enjoy.

Coordinated by Fingal County Council's Community Development and Inclusion Office, the 2026 Safer Halloween Programme is made possible through the creativity, dedication and hard work of local community groups and community centres.

Fingal County Council would like to thank all participating organisations for developing engaging and positive activities that help make Halloween 2026 a safe, enjoyable and memorable experience for communities across Fingal.

Safety Tips at Halloween

Motorists should be extra vigilant at Halloween for children crossing roads and moving between parked cars.

Keep your pets indoors out of harm's way as this can be a scary time for them.

In case of an emergency dial 999 or 112 for the Fire Brigade immediately.

Never use a bonfire as an opportunity to dump your waste as most household goods can cause poisonous pollutants.

Never light a bonfire near residential or commercial areas. Keep fires well away from the cables and pylons.

Bonfires are highly destructive and should never contain tyres, aerosols, foam-filled furniture, batteries, bottles, or paint.

Go Green This Halloween

Decorations

Make your own or reuse spooky decorations instead of buying. Consider swapping decorations with a neighbour or friend to mix it up!

Costumes

Buy second-hand, reuse old outfits, swap or make your own ghoulish costumes! Think of facepaints instead of plastic masks.

Treats

Buy locally produced foods, sweets and devil treats. Consider minimal packaging or recycled materials.

Pumpkins

Buy pumpkins from local farms or grow your own. Use every bit of the pumpkin from toasting the seeds to pumpkin soup to a ghostly pasta bake!

Transportation

Trick or Treat by walking around your locality instead of the dreaded drive. Use public transport when needed for Halloween Events.

Compost

Consider composting all your creepy organic matter and recycling other items.

Recycle

Your leftover ghastly food, cans, plastic and glass bottles can be recycled.
